

**AGENDA**  
**Marine Vessels & Ports Sector Working Group**  
Wednesday, April 2, 2008, 9:00am-10:00am PST

Call Details

Phone: 866-299-3188 Passcode: 206-553-8087#

\*\*\*\*\*

**9:00 Welcome, Roll Call & Review Agenda**

**9:10 Maersk Fuel Switching Initiative**

Lee Kindberg, Maersk, will brief the group on the fuel switching pilot initiative that Maersk has undertaken in the last year.

**9:30 Diesel Retrofit Technology Verification**

Arman Tanman, EPA OTAQ, will discuss technology verification issues and brief the group on the Diesel Technology Verification Workshop that was held in December 2007.

For more information on EPA's Diesel Retrofit Technology Verification Program, see <http://epa.gov/otaq/retrofit/index.htm>.

**9:40 CARB Regulatory Update**

Paul Milkey and staff, California Air Resources Board (CARB), will update the group on proposed and finalized rule-making from CARB, including the main engine, auxiliary engine, commercial harbor craft and shore power rules. He will also share thoughts on the recent federal judicial decision rejecting CARB's auxiliary engine fuel limits.

For more information on CARB's Commercial Marine Vessels Program, see <http://www.arb.ca.gov/ports/marinevess/marinevess.htm>.

**9:55 Collaborative and Sector Updates**

Grace Cheng, Sector Lead, will provide general updates on Collaborative and sector activities.
