| 8:15   | **Morning Plenary Speakers** (Expo Hall A - Main Stage) | Intro by GTSE - Gary Price, Regional Director, Linn-Benton Community College  
Welcoming Remarks - Ryan Mello, Councilmember, City of Tacoma, WA  
Welcome by WCC - Dennis McLerran, Regional Administrator, US EPA Region 10 |
### Day 1 Continued

#### WCC Plenary Session: Air Quality & Health Impacts of Diesel Pollution *(Expo Hall A - Main Stage)*

Updated Air Quality Standards and diesel health effects information demonstrate a continued need to reduce emissions from the transportation sector.

**Moderator:** Allen Schaeffer - Executive Director, Diesel Technology Forum

**Guest Speakers:**
- Henry Hogo - Assistant Deputy Executive Officer, Science and Technology Advancement, South Coast Air Quality Management District
- Katherine D Walker - ScD, Senior Scientist, Health Effects Institute

#### GTSE Concurrent Sessions

<table>

<th>Track 1 (Room 316)</th>
<th>Track 2 (Room 317)</th>
<th>Track 3 (Room 318)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>GTSE Session 1A</strong> - Integrating EV charging for your fleet or work, practical solutions:</td>
<td><strong>GTSE Session 1B</strong> - Calculating Your Fleets GHG Emissions:</td>
<td><strong>GTSE Session 1C</strong> - Buying Fuel for Less Than $1.00 per Gallon:</td>
</tr>
<tr>
<td>Adding charging infrastructure for your fleet operations or workplace is just a matter of good planning. Hear from people that have successfully integrated charging for fleet users and employees, the benefits, roadblocks and navigating the best path to get chargers in the ground.</td>
<td>Seems like a daunting task but it doesn’t have to be. Tool converts emissions from gCO2e/MJ to an easily understood lbsCO2e/dge (diesel gallon equivalent) or gge (gasoline gallons equivalent). From here you total the fleet’s different fuel footprints and convert to Metric Tons. Believe me it’s easy. Impress your management, friends and family with your new skills.</td>
<td>The fuel purchasing markets evolve daily; with ups wings, downswings, and headwinds that can paralyze an operation. One trend has proven reliable - over the last 25 years propane averages around 40% less expensive than conventional fuels. We’ll walk you through Best Practices for implementing on-site propane fueling stations, procuring propane powered assets, and securing reliable propane supply agreements.</td>
</tr>
<tr>
<td><strong>Moderator:</strong> Maria Eismann - Co-Coordinator, Northern Colorado Clean Cities Coalition</td>
<td><strong>Guest Speaker:</strong></td>
<td><strong>Moderator:</strong> Dave Swan - Principal, Eco-Options</td>
</tr>
<tr>
<td><strong>Panelist:</strong> Steve Holloway – Facilities Operations &amp; Inventory Manager, Washington State Department of Transportation</td>
<td><strong>Rick Wallace</strong> - Senior Policy Analyst, Oregon Dept. of Energy</td>
<td><strong>Panelist:</strong> Robert Little - Western Region Sales Mgr. Ferrell Gas /Autogas</td>
</tr>
<tr>
<td>Andrea Pratt - Green Fleet &amp; Program Manager, City of Seattle</td>
<td></td>
<td>Darren Engle – Director, Government Relations, Blue Star Gas</td>
</tr>
<tr>
<td>Matthew Combe - Director, Program and Operations, Seattle 2030 District</td>

## Day 1 Continued

### WCC Plenary Session: Climate Policy Update (Expo Hall A - Main Stage)

Discuss the transportation sector’s contribution to climate pollution, as well as current efforts to mitigate these emissions at the international, national and regional levels.

**Moderator:**
**Dan Brown** – Co-Lead, West Coast Collaborative - US EPA, Region 10

**Guest Speakers:**
**Bill Van Amburg** - Senior Vice President, CALSTART  
**Floyd Vergara** - Chief of Industrial Strategies Division, California Air Resource Board (TBC)

### GTSE Concurrent Sessions

<th><strong>Track 3 (Room 318)</strong></th>
</tr>
</thead>
</table>
| In this session we discuss the current west coast renewable fuels landscape enabling fleets to adopt biodiesel and renewable diesel. We'll also dive into the carbon intensities of renewable fuels and the carbon policies driving big shifts in the usage of these fuels. Finally we'll get some advice from the Oregon Department of Transportation, a large scale and long running biodiesel user. | **Who they are? What they offer? What they can do for you.**

**Moderator:**
**Scott DeWees** - Coordinator, Western Washington Clean Cities Coalition  
**Panelist:**  
**Kevin Kuper** - Finished Product Manager, SeQuential  
**Amy Regimbal** - ODOT Fuel Management Operations & Policy Analyst, ODOT  
**Philip Sheehy** - Senior Technical Specialist, ICF  
**Bryan Schiedler** - Transportation Technology Dept. Chair at the Advanced Transportation Technology Center / Linn – Benton Community College. (Propane, Natural Gas, Electric)  
**Ken Mays** - Automotive Dept. Chair – Central Oregon Community College. (Electric & Hybrid)  
**Mike Hansen** - Alternative Fuel Dept. Chair, Peninsula Community College (NG & Electric) | **Moderator:**
**Russ Thomas** - Fleet Superintendent, City of Newberg, OR  
**Panelist:**  
**Frank Castro** - Sr. Manager, Distribution & Engineering Shared Services, Snohomish County Public Utility District #1  
<p>| Modern fleet vehicles are connected to the web, to your drivers, and to each other. This session will focus on current in-vehicle technology that fleets are using to reduce accidents, optimize efficiency, and improve productivity. It will also take a look at innovations that are coming in the next several years that will affect the way your fleet and drivers are managed. |</p>

<tr>
<td>11:15 - 12:15</td>
<td><strong>WCC Plenary Session: Partnerships and Project Funding</strong> (Expo Hall A - Main Stage)</td>
<td>Federal funding assistance for heavy-duty technology projects, as well as how to leverage these funds through collaborative partnerships. <strong>Moderator:</strong> Kevin Downing – Coordinator, Clean Diesel Program, Oregon Department of Environmental Quality <strong>Guest Speakers:</strong> Wendy Dafoe - Sr. Project Leader, Clean Cities - National Renewable Energy Laboratory; Allison Dane Camden - Intergovernmental and Tribal Relations Director, Washington State Department of Transportation; Faye Swift - DERA Grants and Policy Team Leader, EPA Office of Transportation and Air Quality</td>
</tr>
<tr>
<td>12:45 - 1:45</td>
<td><strong>Lunch &amp; WCC Keynote Speaker:</strong> Margo T. Oge</td>
<td><strong>Driving The Future: Combating Climate Change With Cleaner, Smarter Cars</strong> Margo Oge retired as director of the Office of Transportation and Air Quality after thirty-two years with the EPA. While at the EPA, she was a chief architect of the most important improvements of air quality from the transportation sector ever, resulting in the prevention of 40,000 premature deaths and hundreds of thousands of cases of respiratory illness. Margo also led the EPA’s first-ever national greenhouse gas emission standards for cars and heavy-duty trucks to double fuel efficiency by 2025 and reduce GHG emissions by 50%. She received Presidential Awards from Presidents Bill Clinton and George W. Bush and numerous environmental and industry awards. In commending her achievements, President Obama wrote, “Under your tireless leadership, we have realized significant environmental achievements in the transportation sector, from making diesel fuels cleaner to finalizing the most aggressive fuel economy standards for cars and trucks out to model year 2025.”</td>
</tr>
</tbody>
</table>
## GTSE/WCC Concurrent Sessions

### Track 1 (Room 315)

**WCC Session 3A - Future of Freight Transportation:**

How intelligent transportation systems and smart vehicle technologies can move freight more efficiently.

**Moderator:**

*Cynthia Marvin* - Chief of Transportation and Toxics, California Air Resources Board

**Panelist:**

*James Colyar* – Transportation Specialist, Office of Operation, Federal Highway Administration

*Taso Zografos* - Account Program Manager, Leidos

### Track 2 (Room 316)

**GTSE Session 3B - Renewable Natural Gas for Low Carbon Operations:**

Round Table Discussion

**Moderator:**

**Panelist:**

*Larry Lundine* – CEO, Untapped Fuel

*Johannes D. Escudero* - Executive Director, Coalition for Renewable Natural Gas

*Jim Parvey* - Senior Principal Engineer, City of Tacoma, WA

### Track 3 (Room 317)

**WCC Session 3C - Heavy Duty Highway Vehicle Innovation:**

A look at the latest technologies intended to improve heavy-duty on-highway vehicle fuel economy and emissions performance.

**Moderator:**

*Tim Olson* – Manager, Energy Resources Group, California Energy Commission

**Panelist:**

*Mike Simon* – President & CEO, TransPower

*Tom Hodek* - Program Leader, New Product Development, Cummins Westport Inc.

### Track 4 (Room 318)

**GTSE Session 3D - West Coast Electric Fleets (WCEF):**

WCEF is an initiative of CA, OR, WA, BC whose goal is to help fleets expand the use of zero-emission vehicles. We'll talk with leading fleets about opportunities and challenges of fleet electrification, and hear from fleets about how WCEF can best serve the needs of fleet managers.

**Moderator:**

*Tonia Buell* - Project Development Manager & Innovative Partnerships, Washington State Department of Transportation

**Panelist:**

*Andrea Pratt* - Green Fleet & Program Manager, City of Seattle

*Donny Leader* - Vehicle Administrator Supervisor, City of Portland CityFleet

*Ian Neville* – Climate Policy Analyst, City of Vancouver, BC

(Near conference registration booth on 3rd floor)                                                                 |
| 8:15 - 9:30 | **GTSE/WCC Concurrent Sessions**                                                                                         |
|          | **Track 1 (Room 315)**  
WCC Session 5A – Addressing Community Air Quality Concerns About Diesel Pollution:  
Expert panelists representing stakeholder groups present updates on environmental justice concerns and actions/technologies to reduce community exposure to diesel emissions.  
**Moderator:** Francisco Donez – Environmental Protection Specialist, EPA Region 9  
**Panelist:** Dionne Foster - Policy Analyst, Puget Sound Sage (Moving Forward Network)  
**Panelist:** Andrew Green - Director, Air Quality Programs, Puget Sound Clean Air Agency  
**Panelist:** Gary Prince – Economist, King County Metro Transit                                                                 |
|          | **Track 2 (Room 316)**  
WCC Session 5B – County and Municipal Climate Strategies and Tools:  
Strategies and tools for reducing CO2 and black carbon from diesel engines including the West Coast Climate Forum’s Climate Friendly Purchasing Toolkit and contract specifications for clean diesel construction equipment.  
**Moderator:** Keith Rose – Environmental Scientist, EPA Region 10  
**Panelist:** Karen Hamilton - Environmental Purchasing Program Manager, King County  
**Panelist:** Jamie Brinkley - Sustainability Analyst, Sound Transit  
**Panelist:** Gary Prince – Economist, King County Metro Transit                                                                 |
|          | **Track 3 (Room 317)**  
GTSE Session 5C - How Alt Fuels Can Save You Programs, State and money, Federal Policies That money Alt Fuel Use  
In this session you will learn about new Commercial Vehicle Tax Credits, Fuel Excise Tax, CNG Compression Tariff, Infrastructure and Vehicle incentives for both OR and WA.  
**Guest Speakers:** Peter Moulton – Emerging Technologies Team Lead, WA Dept. of Commerce  
**Panelist:** Karen Hamilton - Environmental Purchasing Program Manager, King County  
**Panelist:** Rick Wallace – Senior Policy Analyst, Oregon Dept. of Energy  
**Panelist:** Tonia Buell - Project Development Manager & Innovative Partnerships, Washington State Department of Transportation                                                                 |
|          | **Track 4 (Room 318)**  
GTSE Session 5D - Go To Market Dealership Strategies and Platforms:  
Overview of these light and medium duty programs in an effort to break down the barriers for fleets and users and to help understand what platforms are available.  
**Moderator:** Janna West –Heiss – Coordinator, Denver Metro Clean Cities Coalition  
**Panelist:** Albert Venezio - President, ICOM North America  
**Panelist:** Jaime Mitchell - Business Development Manager, IMPCO Automotive  
**Panelist:** Gordon Lilley - Western Sales Manager, Westport Dallas, Inc.  
**Panelist:** Bryan Wilcox - Vice President of Marketing, AGA Systems Inc. |

### 9:45 - 11:00

**Networking Break (Expo Hall)**

### 11:00 - 11:45

**Lunch & GTSE Keynote Speakers:**
Stephe Yborra - Managing Director Yborra & Associates, LLC

**NGV Outlook in the Depressed Oil Price Marketplace: Mining Nuggets of Opportunity**

Yborra presents a candid assessment of the NGV market in today’s depressed oil price environment, highlighting the nuggets of opportunity that still exist and the importance of identifying the key benefits that drive individual fleet’s and consumer’s buying behavior and tailoring messaging to those decision-making criteria. He also addresses the need for greater natural gas industry stakeholder and clean-air-transportation advocate-ally market development activity to accelerate market adoption. He closes with his own prognostications regarding future oil pricing and the favorable outlook for renewed and reinvigorated NGV market growth.
